Dear Candidate:

The Washington State Department of Transportation wishes to take this opportunity to advise political candidates about the placement of campaign signs and placards along state highways.

Revised code of Washington (RCW) 47.42, the Highway Advertising Control Act, regulates signing on Interstate highways, Primary highways, and highways that are part of the Scenic and Recreational system. Signs erected on private property adjacent to these highways must comply with the Highway Advertising Control Act, rules contained in Washington Administrative Code (WAC) 468-66, and applicable local agency sign codes.

In accordance with WAC 468-66-050, political campaign signs are classified as a Type 3(d) on-premise sign; there is no fee or application requirement. Temporary political campaign signs are signs that express the property owner's endorsement of a political candidate or ballot issue, with the following restrictions:

- 1) Temporary political campaign signs are limited to a maximum size of thirty-two square feet
- 2) Temporary political campaign signs must be removed within ten days following the election
- 3) Temporary political campaign signs are subject to all other applicable provisions of RCW 47.42 and WAC 468-66 that pertain to Type 3 on-premise signs

In addition to the above restrictions, **the erection of temporary political campaign signs within the right-of-way of all state highways is prohibited. Accordingly, signs placed within the right-of-way of any state highway will be removed by the Department of Transportation.**

Also, RCW 47.36.180(1) states in part that it is unlawful to erect any structure, sign, or device visible from a city street, county road, or state highway that simulates any directional, warning, or danger sign likely to be mistaken for such a sign. Therefore, a campaign sign cannot be designed to resemble an official traffic control sign.

If you have any questions about the placement of campaign signs along state highways, please contact the department's Regional Outdoor Advertising Representative for your area. The representative for your region can be determined by reviewing the map and roster attached to this letter.

Thank you in advance for your courtesy in this matter,

Washington State Department of Transportation
